

TURBOMECA SITUATION REGARDING IHST RECOMMENDATIONS

- ▮ **Training of operators and maintenance centers: free of charge 2-day SMS training module deployed in: South America, Asia, North America and Europe during 2014.**
- ▮ **Promotion of flight Safety in all our customer symposiums (North America, South America, Europe, South-East, China, India, Japan and Africa)**

New: we commit to invite the IHST to all our regional events

- ▮ **Turbomeca has developed BOOST, a new product and service which has major advantages with the safety and the reliability improvements of our engines:**
 - e-documentation: Electronic documentation
 - e-configuration: Automatic check of configuration
 - Easy access and visibility to aperiodic maintenance alerts
